<p>MKM sends a big THANK YOU to all who attended our second Mojave Mile event. This time the wind stayed away, but the heat sure didn't! Although the turnout was light, those that did make it, had a great time. Those that didn't make it, really missed out! We want to see all of you, and many more, at our next event in the spring of 2011. We will be announcing the date soon on our web site, www.mojavemile.com.</p>																									
<p>Trophy Winners: (highlighted in orange) John Noonan, Fastest Motorcycle, Land Speed division: 251.1 MPH (fastest speed ever recorded at the Mojave Mile!) Tom Krause, Fastest Motorcycle, standard divisions: 199.9 MPH Jim Hahn, Fastest Car, Land Speed division: 181.2 MPH Bob Griffith, Fastest Car, standard divisions: 222.7 MPH (new Mojave Mile auto speed record!)</p>																									
<p>Index Challenge winners: (highlighted in yellow) Linda Rosenblum, 150, with a run of 151.0 Phillip Steinberg, 160, with a run of 161.9 (the other Index Challenge entrants did not get within 5 MPH of their target, which is required to qualify for an award.)</p>																									
<p>MKM thinks that the following deserve special recognition: The "Iron Butt" award: Eric Anderson - who made 26 runs over the two days on his Kawasaki ZX14 The "Wanna Buy A Used Car?" award: Tom Fries - who made 23 runs in his Ford GT, 21 of which were over 200 MPH The "Close But No Cigar" award: Tom Krause - who tried 20 times to break 200 MPH, but only got to 199.9 The "Mouse That Roared" award: Dustin Schaller - who went 201.3 MPH on a 600cc motorcycle. Very impressive. (no trophies or plaques for these "awards" - just our respect and admiration.)</p>																									
<p>notes: Bike #6 changed divisions to MM after his first 3 runs 3 runs were lost due to a timing malfunction, for which we sincerely apologize. The problem has now been fixed. Codes used above - "TM" means "Timing Malfunction"; "over" means the run was a "break out" (too fast) and does not count; "DNS" means "Did Not Start".</p>																									
												14	15	16	17	18	19	20	21	22	23	24	25	26
